DEDICATION

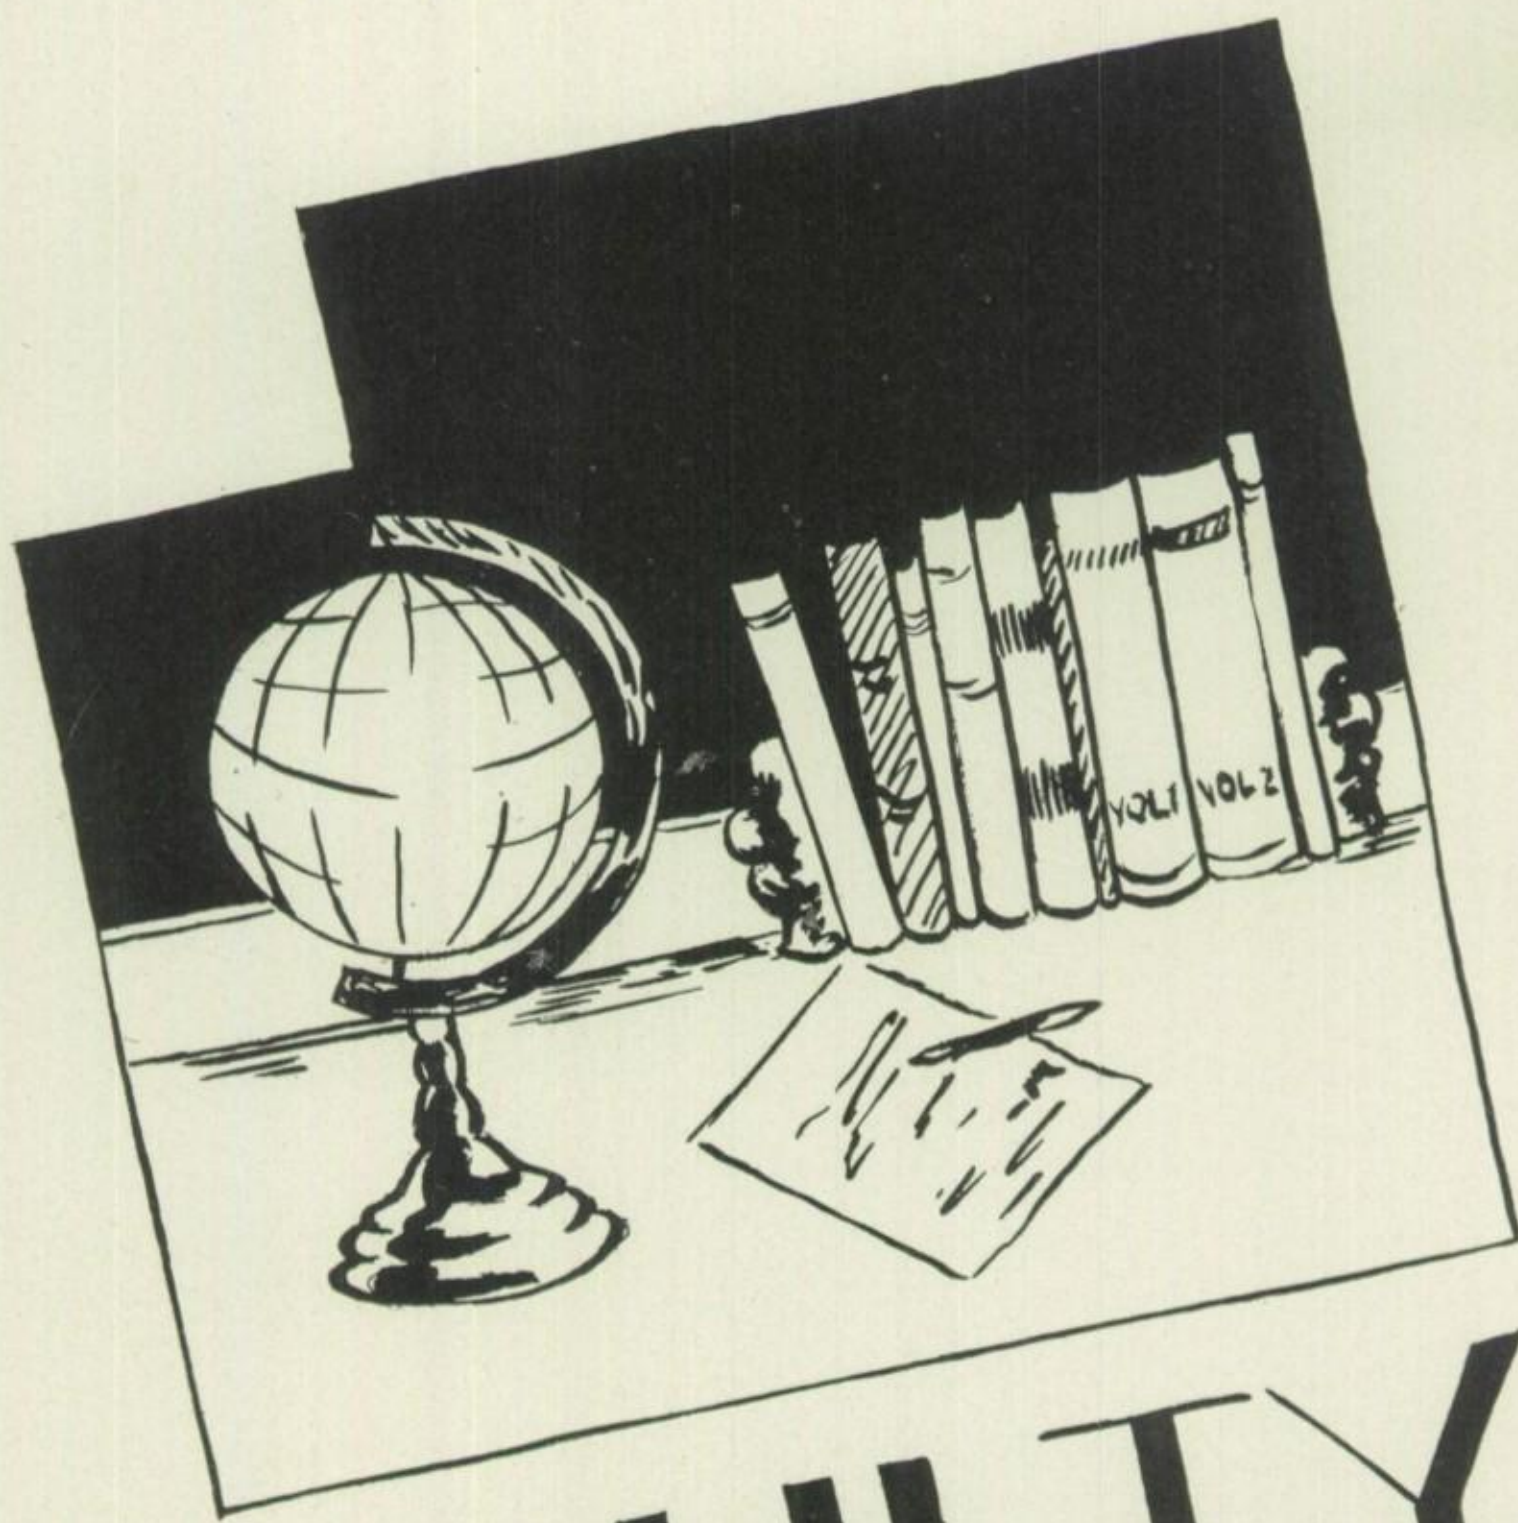

The seniors of 1944 dedicate this Reflector to Mr. H. Howard Palmer. We wish to express our gratitude to our valued administrator for all he has done for us during the time he has spent in Maumee High School. Having taken the job in 1941, Mr. Palmer had been our principal for two and a half years when he was called to report at Fort Schuyler, New York, on December 28, 1943, as lieutenant (j. g.) in the Navy. In these years he has fully earned the respect and admiration of his students.

Mr. Palmer was born in Seaman, Ohio, March 4, 1909. He received his A.B. degree from Wilmington College and his M.A. from Ohio State. One can get some idea of Mr. Palmer's versatility when one learns the varied list of subjects he has taught. These include physical education, industrial arts, history, English, math, science, and geography. He has even directed plays. Surprisingly enough, Mr. Palmer does all these things well and he continually amazed his American Problems classes with his vast store of experiences. He belongs to the Chi Beta Phi, a national honorary scientific fraternity as well as the social fraternity, Alpha Tau Epsilon.

FACULTY

MR. HAROLD EIBLING

Mr. Eibling, superintendent of the Maumee Public Schools for the past eight years, maintains his office at the high school.

Mr. Eibling was born at Dola, Ohio, and was graduated from Ohio Northern University. He has done graduate work in four universities and expects to receive his doctor's degree soon.

Because of his deep, resonant voice and natural ability as a public speaker, Mr. Eibling often is called upon to participate in high school assemblies.

Through his eight years of service here, Mr. Eibling has become an integral part of the school system. His friendliness and capability are much appreciated by the student body.

PHYLLIS SHEPERD

Phyllis Sheperd, a graduate of M.H.S. in 1939, has been a secretary in the school office for the past five years. Phyllis was the principal's secretary for her first three years here, but she became Mr. Eibling's secretary two years ago. Mr. Eibling rates her as the most competent secretary he has ever had, and students will vouch for Phyllis as an understanding person. Her calmness would be an asset in any high school office.

FRANCES BAUERSCHMIDT

Frances Bauerschmidt, a graduate of Maumee High School in 1943, was appointed secretary to Mr. O'Neill during the early part of February. She filled her varied job capably for the remainder of the school year.

MR. JACK O'NEILL

After Mr. Palmer's induction into the Navy at semester, Mr. O'Neill became the high school principal.

Mr. O'Neill was born in Chicago and was educated at Northwestern Oklahoma State Teachers' College and De Paul University. As do most teachers, Mr. O'Neill is continuing his graduate work with a doctor's degree his object.

Besides performing the regular duties of a high school principal, Mr. O'Neill teaches the senior American Problems classes and acts as advisor to the Student Congress.

Mr. O'Neill has proved to be a very helpful and efficient principal, much respected by the student body.

MISS JEAN PELLENS

From what she says when one asks her, Miss Pellens has had one of the dullest, most ordinary of lives. On the other hand from what her students hear in class it has been exactly the opposite. Most of her life has been spent in Cincinnati, but four years were spent in acquiring a B.A. degree at Western College in Oxford, Ohio.

When Miss Pellens is mentioned the seniors naturally think of creative writing, and the juniors and sophomores think of vocabulary study or perhaps of transitive verbs—without. No matter what else they think of they are bound to remember pleasantly this teacher who has such a hard time keeping a straight face in her classes.

MRS. JANE WILSON

That charming smile in the upper hall is Mrs. Wilson's, a newcomer to our school. Mrs. Wilson teaches seventh and eighth grade English and literature, and in these classes she is trying to improve her pupils' reading as well as their grammar fundamentals. With her seventh and eighth graders she has started a Dramatics Club which successfully gave "The Little Red Schoolhouse" this past winter.

Mrs. Wilson is also advisor for the Girl Reserves and has been trying to introduce the spark of life to that rather somnolent organization. She was born in Wilmington, Ohio, and went to Wilmington College. She graduated with a Bachelor of Science in Education.

MRS. LUCILLE GREEN

Mrs. Lucille Green, new to our school this year, was born in Toledo, and was graduated from Scott High School. She received her degree from Denison and did post-graduate work at Toledo University and Michigan University.

She teaches freshman and sophomore English and first and second year Spanish. Her Spanish classes are small and very informal. She may often be heard addressing her first year class as "girls and Norman."

Mrs. Green believes the purpose of teaching literature is to help develop in the student a taste for good literature. As for grammar, well, it is just a social necessity.

In her spare time, Mrs. Green conducts the detention hall. She introduced a new punishment—no talking or studying in detention hall. This method helps reduce the number of servers.

MISS ARDAH BROWN

Ardah A. Brown is a native of Bowling Green, Ohio, with whose stamping grounds we are all familiar. She attended the local high school and then proceeded to Ohio Wesleyan University in Delaware, Ohio, where she earned her Bachelor of Arts degree. However, Miss Brown is a firm believer in doing things thoroughly, so she returned to B.G. and did graduate work for her Master's degree at the State University there.

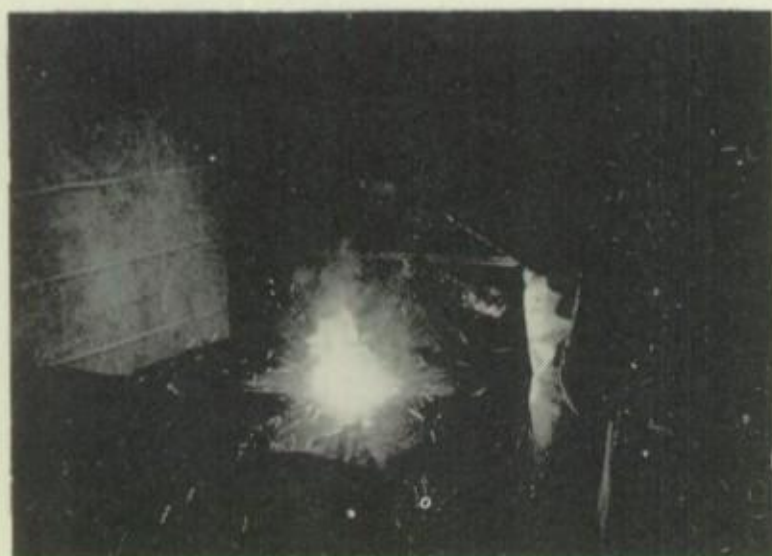

Miss Brown's Latin classes concentrate their efforts on grammatical foundations which always prove to be very valuable to them, although they never realize it at the time. The second year classes have made notebook projects consisting of classical references they find in everyday reading. The first year classes make such art objects as calendars and valentines, and thus utilize some of their newly acquired knowledge.

MRS. RUTH BROWN

Mrs. Brown is a native of Toledo and a graduate of Toledo University. She was graduated with a Bachelor of Science Degree in Education and has been here in Maumee three years. In her classes, Mrs. Brown is trying to provide a good foundation for her girls by stressing the practical side rather than the theoretical.

Mrs. Brown has inaugurated the Home Nursing Course in our high school and next year intends to follow the Red Cross Nutrition Course. While these are very worthwhile at any time, during this war they are especially commendable. Congratulations, Mrs. Brown.

MR. ELDON COX

If you have ever noticed a bunch of fellows gathered together telling jokes, the center of attraction might be Mr. Cox, our new industrial arts teacher. Besides having mastered this art, for a sideline he also coaches junior high football and basketball, and B-squad basketball. The success of the B-squad this year was a result of his good nature and fine spirit. He is always willing to bet on basketball shots and incidentally does rather well for himself.

Mr. Cox received his education at Bowling Green University. His home town is Weston, Ohio, and he has a family of three: mamma, papa, and a little one. His pet peeve seems to be basketball players who have "dribblitis." Sounds contagious.

MRS. ROSALIE HOUSEL

Mrs. Rosalie Housel was born in Toledo in 1920. She was graduated from De Vilbiss High School and received her Bachelor of Education degree from Toledo University.

At Maumee High, Mrs. Housel teaches typing, shorthand and office practice. She sends for the international Gregg shorthand and typing awards for the most skilled students in each field.

Mrs. Housel advises the Journalism Club, which publishes the "Static" monthly, and the "Reflector" annually.

As a field trip this winter, Mrs. Housel took the "Static" staff (of twenty-five) to the Blade building where the interested students saw every step in the process of publishing a large newspaper.

By the way, Mrs. Housel has only one ambition—to have a new mimeograph machine.

MISS ANNE L. PHILLIPS

Miss Anne L. Phillips is a newcomer as of September, 1943. Judging from her birthplace, which is Denver, Colorado, she is a native Westerner, but I guess the cowboys were too much for her and she came east. Miss Phillips got the general idea of readin', 'riting and 'rithmetic at Weston High School in Weston, Ohio. From there, Bowling Green State University claimed her, and after a certain length of time agreed to give her a degree of Bachelor of Science. But that wasn't enough, so she settled in Ann Arbor, at the University of Michigan and came out with a Master of Arts degree.

Miss Phillips' field is commercial, which includes bookkeeping, commercial law, insurance and general business. Included in these are such things as budgeting and interest computation. Miss Phillips explains that a commercial course in high school, is more or less an exploratory course, designed to give the pupils an insight as to what business is like.

MISS MARGARET O'DWYER

Miss Margaret O'Dwyer, Maumee High's new history teacher, was born in Toledo. She attended Notre Dame Academy, was graduated from De Sales and received her Master's Degree from the Catholic University of America.

Miss O'Dwyer teaches eighth grade history, world history and American history. She always looks worn out after the eighth grade classes, but her appearance after a session with the juniors is almost indescribable—a look of sort of hopeless resignation.

The sophomores in world history made quite a few maps this year, as well as a very colorful time chart to hang on the wall.

Miss O'Dwyer is also the very competent advisor of the Student Court.

MR. JACK O'NEILL

Mr. O'Neill, principal, teaches the two senior American Problems classes. In these classes, the affairs of the United States are discussed and its problems are solved . . . sometimes! More often, violent arguments occur and each member of the class leaves with the opinion he held when he came. Regardless of the many seemingly futile arguments, the class did accomplish at least one worth while thing—it taught its members to think before they spoke.

After semester each member of the class was obliged to speak for at least half a period concerning some phase of American life. Both listening to and delivering these talks was an ordeal, but Mr. O'Neill felt the ordeal profitable.

MR. ROBERT BAKER

That man who stands at his door between classes stopping dash runners on the second floor, is Mr. Robert Baker. Formerly the junior high math teacher, Mr. Baker was moved upstairs when Mr. Webb left, as the physics and general science teacher. He now teaches pre-flight aeronautics and pre-induction along with these original subjects and consequently hasn't much spare time. Mr. Baker is also head of the Visual Education Club, Hi-Y advisor, and the Honor Society Treasurer. He was reared in Bryan, Ohio, and received his B.S. degree at Ohio Northern. His experiences while traveling with the university choir are very plentiful and amusing. Mr. Baker is especially proud of his fine collection of airplane models and says that the freshmen are planning to raise everything from tropical fish to white mice in his room. And Mr. Baker says that he's busy now!

MR. MARION L. LAWRENCE

Marion Leyde Lawrence first saw the light of day in Newton Falls, one of Ohio's steel centers. He was graduated from Newton Falls High School and then satisfied his yen for higher education at Wooster College in Wooster, Ohio. There he obtained the degree of Bachelor of Science and Mrs. Lawrence, who he claims, is the best thing he has got out of life. Mr. Lawrence has charge of the chemistry and biology classes of this high school. In "chem", besides the usual concocting of those unbearable odors the students have been learning the use of the slide rule, which has helped them immensely. Even though Maumee boasts of the best equipment in these parts, Mr. Lawrence isn't satisfied. He wants a microtome for the biology lab. We hope you get it, Mr. Lawrence.

MR. ARTHUR C. ZUELZKE

The town lucky enough to be the birthplace of Arthur Charles Zuelzke is Fostoria, Ohio. He was reared there, and after attending Fostoria High School, went on to the University of Cincinnati and Cincinnati Conservatory of Music, and at the end of it all received a Bachelor of Science Degree and a degree in public school music. The musical activities of M.H.S. consist of band, orchestra, dance band, two girls' glee clubs, boys' glee club, and A'Capella choir. The band performed very nicely during the football season and brightened things up at the Christmas concert. The orchestra positively outdid itself at the spring concert. Some really solid swing was given out by the dance band at various dances and other occasions. We certainly appreciate it. The various glee clubs have done an excellent job this year; the Thanksgiving, Christmas and Spring concerts being the main highlights. The A'Capella choir is a new addition to the music department. Although it has been organized for only a year, the director proudly states that it has done the work of one in organization for at least three years. Maumee High School is as proud as you are, Mr. Zuelzke.

MISS SUE SCHROEDER

Everybody's friend and the keeper of the world's most untidy desk is an apt description of Miss Sue Schroeder. She was born in Toledo and went to the University of Toledo where she acquired her degree of Bachelor of Education. Miss Schroeder has introduced several new things to Maumee for which we are duly grateful. Among them are the new system of girls' sport credits, modern dance and the very popular swimming classes. Surely no one but Miss Schroeder could have kept her good nature while trying so hard to get the girls to put their faces in the water. And yet the senior girls are being very patient while waiting for that certain day in May when they will first be able to safely call Miss Schroeder "Susie."

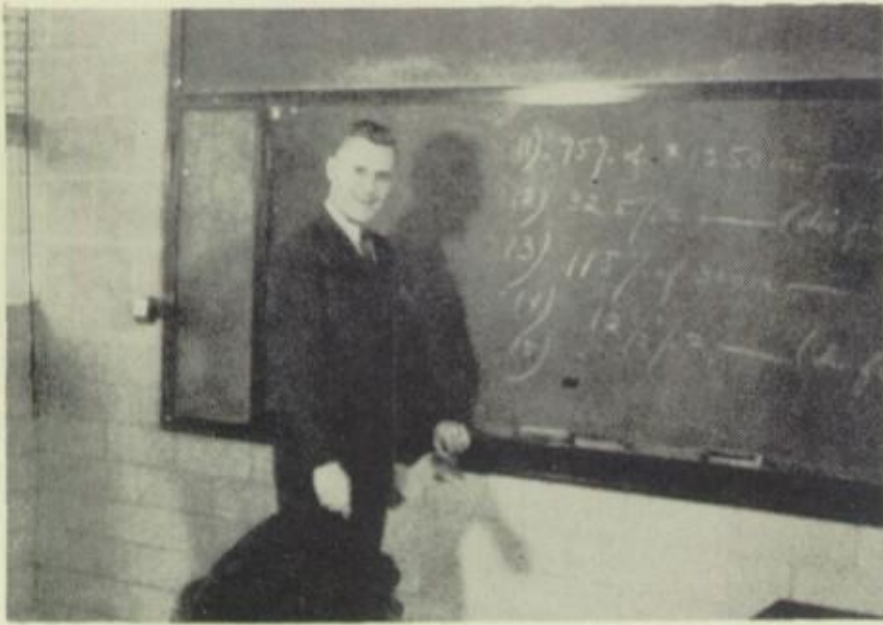

MR. ROBERT WREN

When "coach" came to Maumee this fall the pressure was on him because he had to fill the shoes of our former, much admired coach, Mr. Conrad. Thus far this year Coach has proved his ability by building one of Maumee's best football teams and a very good cage team. Coach graduated from Ohio University an all-around athlete and played baseball for the Toledo Mud Hens last summer. His athletic experience has accounted for his excellent coaching ability.

Everyone admires his curly hair and flashy combination suits. (Wonder how he would look in a zoot suit) Oh, yes, sorry, girls, Coach is a married man. Yes, sir, he's the man of the house. He was married just before he started teaching. Coach has signed a contract to play baseball again this summer but we hope he will be in Maumee next fall to celebrate his first wedding anniversary.

MR. ALEXANDER KONIECKO

Mr. Alexander Koniecko was born in Racine, Wisconsin, in 1909. He received his Bachelor of Arts Degree at Youngstown College. At present he is doing graduate work for his Master's Degree at Miami University.

At Maumee, Mr. Koniecko instructs seventh, eighth and ninth grade mathematics classes, in which he particularly stresses practical math. He teaches math as applied to aviation, and the detailed metric system. In Mr. Koniecko's classes, students learn arithmetic with application to trigonometry and surveying.

Mr. Koniecko could very well substitute for several teachers, as he has teaching majors in social sciences, physical sciences and mathematics.

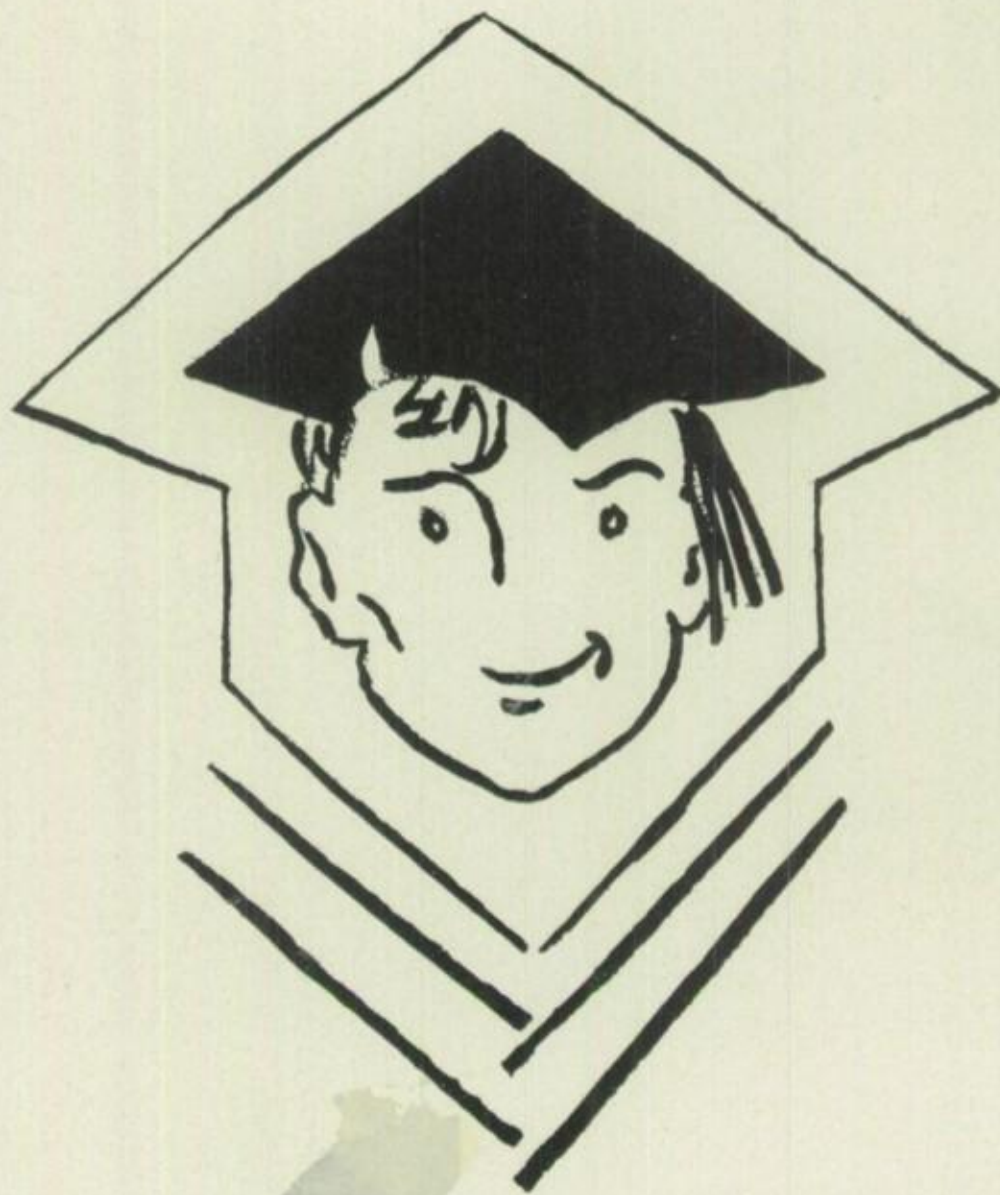

Before coming to Maumee, Mr. Koniecko taught at Youngstown and Boardman, Ohio.

MISS RUTH HONOR

Besides being our very able all-around math teacher, Miss Honor is admittedly the only one in Maumee High who really knows the difference between precision and accuracy. The seniors were drilled for two weeks to distinguish between the two but still no one seems too certain of the difference between them. Like most of the other teachers, Miss Honor has a very crowded war time schedule and free periods are very few, if any. Besides teaching, Miss Honor works with a branch of the F.B.I. on her daily lunchline beat. If anyone gets unruly, she sends him to the end of the line and justice prevails. Miss Honor majored in math at the University of Chicago. In short, she has always been, and always wants to be mathematically inclined.

JUNIOR CLASS NEWS

This year's Juniors wisely selected Tom Ashe as their commander to steer them through the storm of carnival, picnic, prom, parties, and dances. The carnival was a greater financial success than ever before. A dance, sponsored by the Juniors, was held after the first home football game, that with Swanton.

The other Junior class officers were: Galen Gongwer, vice president; John Beaber, secretary; and Mary Jane Hoag, treasurer. The Juniors were represented on the Student Congress by Maudie Farthing, Norman Plass, Norman Kuhlman, and Galen Gongwer.

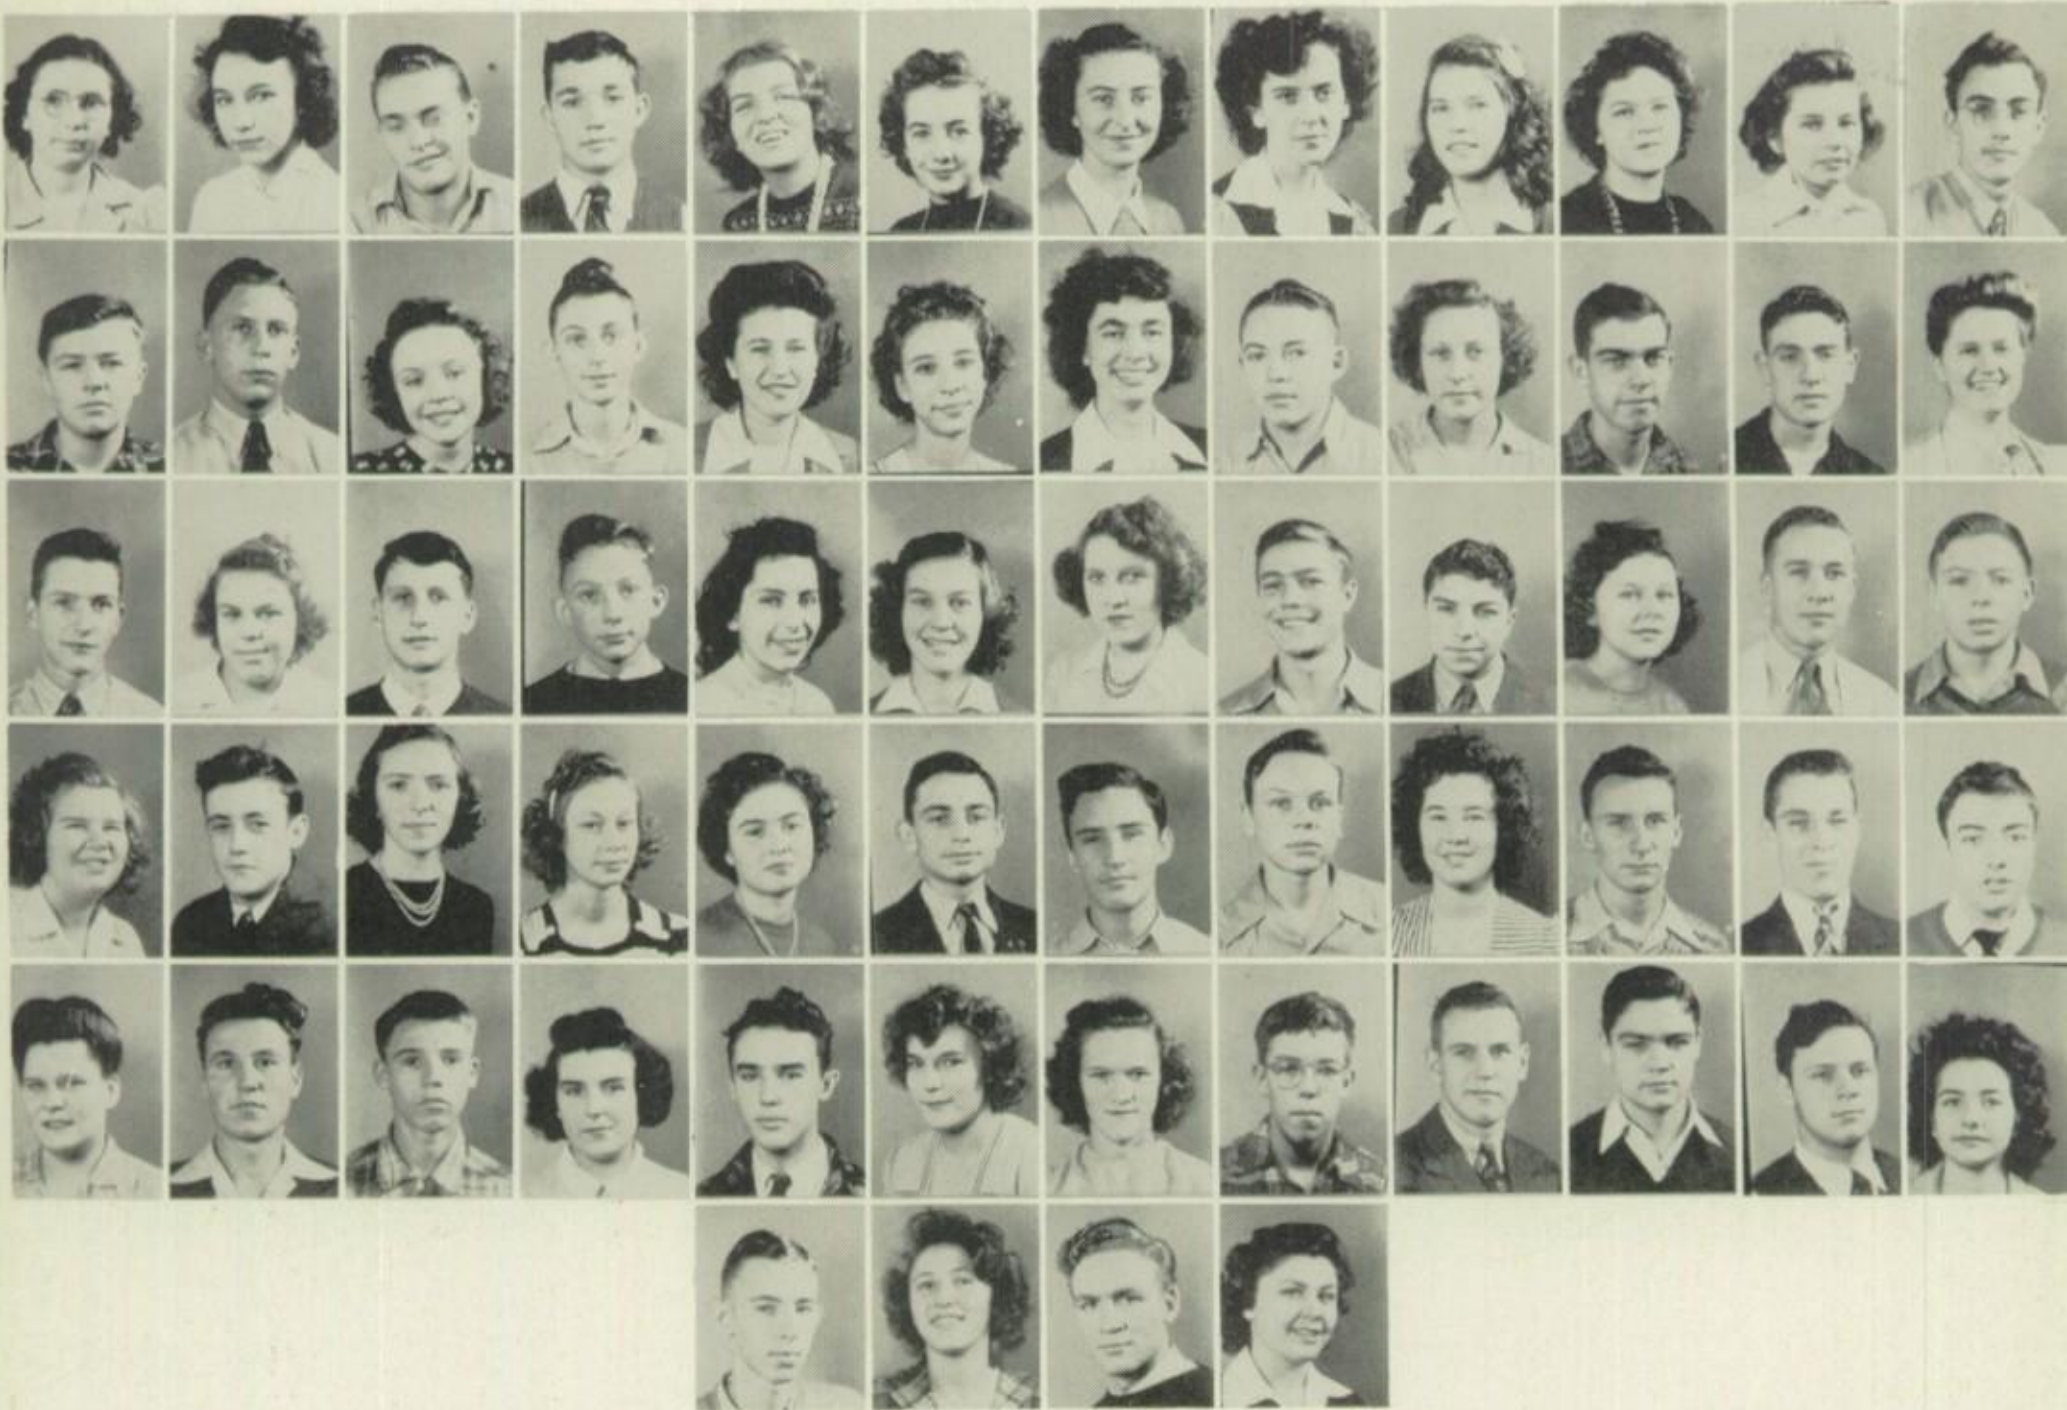

The class was well represented on the football, girls' and boys' basketball, hockey, and track teams. Juniors also belonged to the Hi-Y, Girl Reserves, G.A.A., Honor Society, and Student Congress, and to the Visual Education, Journalism, Varsity and Dramatics Clubs.

Several Juniors participated in the Dramatics Club fall production, "The Admirable Crichton." Norm Plass and Ella Marie Brahier played major roles, while Joyce Terrill, Rachel Brell and Jim Pauken had smaller parts.

It was quite obvious, soon after school began this year, that everyone would be working harder than ever before. Everyone did work more, and no one appeared to be suffering from the effort. Miss O'Dwyer received many amusing cartoons and editorials from the members of her American history classes. At the end of the first semester, each and every Junior compiled an anthology of American poetry, complete with introduction and bibliography. Miss Pellens seemed rather pleased with them, too.

In December, in time for Christmas, the class rings came. Everyone seemed well pleased with his ring. These, by the way, were ordered before the organization of the B.O.N.D.'s of which the Juniors are nearly one hundred percent members.

EIGHTH GRADE

This year's eighth grade president was Maurice Brahier. The vice president was Mary Lou O'Connor; secretary and treasurer, Jim Addison. The eighth grade was represented on the Student Congress by Carolyn Eriksen, Ed Chambers, Peggy Towers, and Mary Lou O'Connor. Just before Christmas, Joyce Wright was elected president of the Junior Dramatics Club. Many of the members of the eighth grade were cast in the first play, "The Little Red Schoolhouse."

STUDENT GOVERNMENT

Reading clockwise: Don Suter, Virginia Shinnars, Bob Bigelow, Virginia White, Miss O'Dwyer, John Thurston, George Gordon, Katherine Vortriede, Don Fraser, Betty Lawrence. Carolyn Linnard and Frank Micka are not pictured.

The student government program has been completely revised. Under the new plan the Congress is directly responsible to the administration.

As it is most convenient for all problems concerning the school to be turned in to the school office, the principal and faculty advisor to the student government will decide which problems can be handled by the Congress. They will be turned over to a committee of eleven, chosen and appointed by the faculty from the senior class, who will choose committees from the Congress to investigate the problem. The Congress itself is made up of the entire junior and senior classes. When the committees are ready to report, a general meeting of the congress will be called, at which the recommendation will be discussed. If accepted by the Congress and approved by the school administration they will go into effect as school law.

The eleven members of the appointing committee will also act as a student court for cases in violation of school law. The entire set-up is very flexible and if weaknesses occur they can be remedied by a change in the by-laws.

HONOR SOCIETY

FIRST ROW, left to right: Mr. Baker, treasurer; Tom Corn, Gynne Shinnars, Don Suter, Mr. Palmer, Advisor. SECOND ROW: Katherine Vortriede, Gloria Eversole, Jane Hurley,

Bob Bigelow, Leona Pauken, Carolyn Linnard, Virginia White. THIRD ROW: Betty Lawrence, John Thurston, George Gordon, Anne Marie Smith, Joe Bauerschmidt, Bob Schmidt, Peggy Hosier.

Honor Society members are Juniors and Seniors chosen on the basis of scholarship, leadership, character and service. Meetings are held once a fortnight. Each year the Honor Society undertakes a project. This year it has been the sale of War Stamps in the home rooms. Each member has one room in which he conducts the sale every Wednesday morning. Sales have not been phenomenal, but they have been constant, and the project is considered a success.

DRAMATICS CLUB

FIRST ROW, left to right: Miss Pellens, Tom Brell, Peggy Hosier, John Thurston, Rachel Brell, Jane Hurley, John Wright, Carolyn Linnard, Anne Marie Smith, Ruth Caseman, Bob Bigelow, Nancy Dennis, Myrtle Baggett. SECOND ROW: Dick Terrill, Joyce Terrill, Jane Gordon, Joe Bauerschmidt, Gynne Shinnars, Tinka Vortriede, Ruth Canning, Gloria Eversole, Norman Plass, Betty Jordan, Mary Lou Pickard, Virginia White, Mildred Allyn. THIRD ROW: Harry Niner, Betty Harrington, Mary Hatton, Bobbie Kohne,

Doris Jones, Eleanore Kinman, Mary Jane Hoag, Mary Ann Richardson, Joyce Moss, Jeanne Beaber, Bette Van Remortel, Norma Jean de Armond. FOURTH ROW: Mary Baldwin, Wilma Knisley, Diana Dietrich, Alice Knorr, Arlene Masters, Pauline Kramer, Lucy Lancashire, Alice Padgett, Rose Brainard, Helen Burdo. FIFTH ROW: Irene Colburn, Jean McMullen, Norma Stewart, Frank Micka, Betty Lawrence, Ella Marie Brahler, Frank Graper, Norman Wagener, Roseanne Barnes, Rita Smith.

The Dramatics Club, sponsored by Miss Pellens, produced J. M. Barrie's **The Admirable Crichton** in December. John Wright portrayed Crichton, the butler, and Virginia Shinnars was Lady Mary, the haughty daughter of a wealthy English lord. Although rehearsals became burlesques and dress rehearsal was comparable to a three ring circus, the cast gave a serious and altogether admirable performance on production night.

Miss Pellens rested from dramatic production

until February when the casting of Thornton Wilder's **Happy Journey** began. **Happy Journey**, the story of Ma's and Pa's (Dory Jones and Frank Micka), Junior's (Peggy Hosier) and Caroline's (Betty Lawrence) journey across country in their automobile made an enjoyable assembly program.

The Dramatics Club has been an active and interesting club this year and will continue to be one with the co-operation of the student body in future years.

REFLECTOR STAFF

I don't know why we should print their names here because you know them all anyway, but it is customary and we must stick to the straight and narrow, so—from left to right, first row: Rachel Brell, advertising manager; Virginia White, assistant editor; Mrs. Housel, advisor; Katherine Vortriede, editor; Bob Bigelow, business manager; second row: Jeanne Beaber, art editor; Betty Jordan, assistant literary editor; John Thurston, assistant subscription manager; Leona Pauken, assistant art editor; Don Suter, subscription manager; Carolyn Linnard, literary editor; third row: Tom Corn, photographer; Betty Lawrence, assistant photographer; Frank Graper, assistant subscription manager.

We want you to notice how happy and carefree they look and then compare them with the harassed, dog-tired expressions they have had for the past few months. With this in mind, be sure to think twice before accepting a position on the **Reflector** Staff.

JOURNALISM CLUB

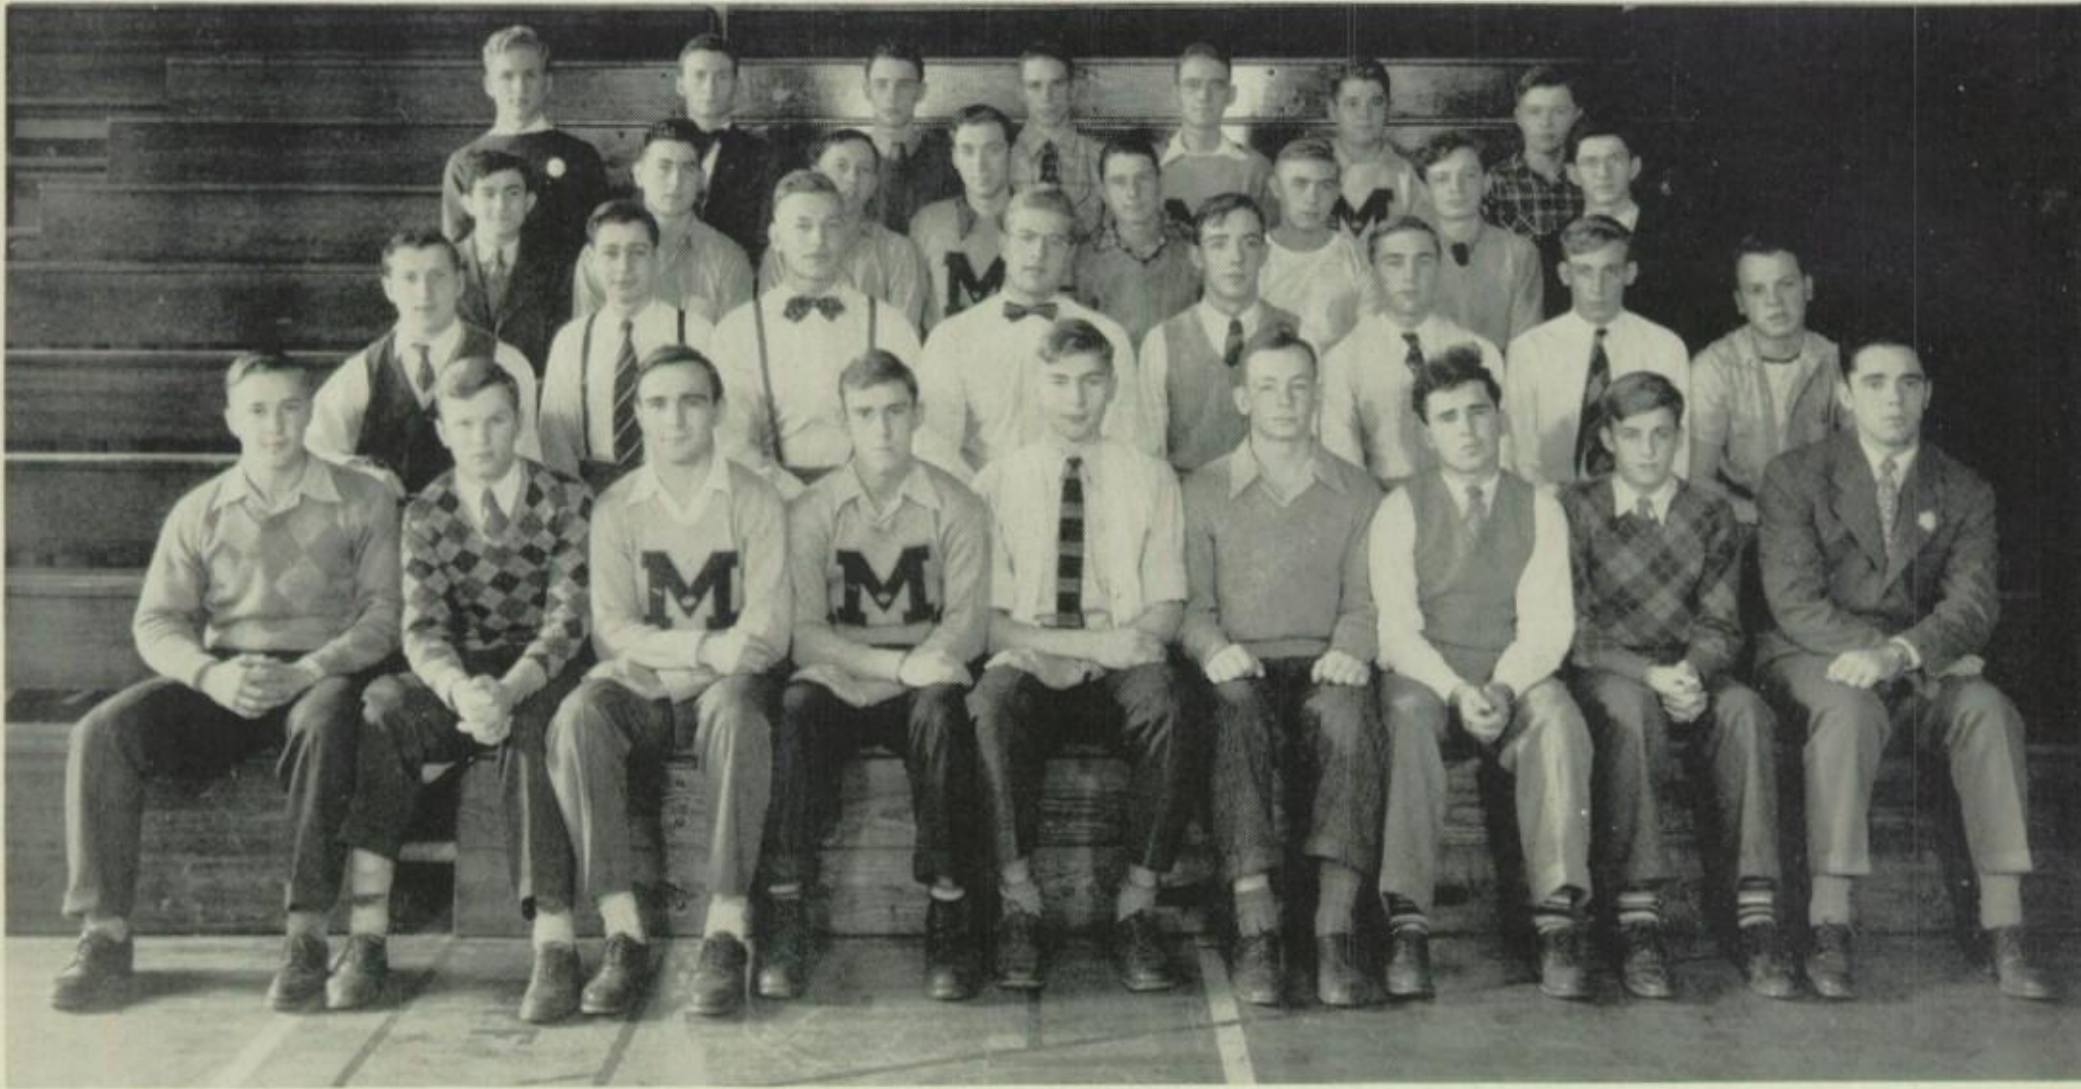

FIRST ROW, left to right: Rachel Brell, Gloria Eversole, Virginia White, Mrs. Housel, Betty Jordan, Jeanne Beaber, Jane Hurley. SECOND ROW: Jean McMullen, Ruth Canning, Virginia Shinnors, Robert Heilman, John Wright, Betty Lawrence, Roberta Kohne, Betty Van Remortel, Leona Pauken. THIRD ROW: Betty Groves, Doris Bottoriff, Nan Parfet, Joyce Terrill, Ella Marie Brahier, Doris Van Cleve, Mary Hatton, Joan Miller, Alma Pratt.

The Journalism Club grinds out the monthly publication, the **Static**. This grinding process is supervised by Virginia White, editor; Betty Jordan, assistant editor; and Mrs. Housel, advisor. The only time that staff members ever hurry is at noon on publication day. Then haste is in order, for the **Static** is often without covers

or final pages. Jeanne Beaber, art editor, is still putting the cartoon on the stencil and fretting over the nose. Leona Pauken is worrying about "her page," and Gloria Eversole, circulation manager, is trying to recruit salespeople to sell at the doorways.

FIRST ROW, left to right: Bernard Lubinski, George Gordon, Galen Gongwer, Bob Gilmartin, Don Suter, Bob Bigelow, Tom Brell, Frank Mackay, Mr. Wren, Sponsor. SECOND ROW: Norman Wagener, Tom Corn, John Thurston, Frank Graper, Tom Ashe, Dick Ramlow, Don Houghton, Norman Plass.

THIRD ROW: Camille Corey, Kenneth Overmeyer, Clayton Wise, Elmer Wheeler, Harold Davidson, Bill Landis, Bob Schmidt, Don Fraser. FOURTH ROW: John Wright, Don Prentiss, Joe Bauerschmidt, Harry Niner, Dan Sager, Bob Griggs, Bob Corson.

Under the direction of our new coach, Mr. Wren, the Varsity Club has played a very active part in school activities. The annual Kick Off and Tip Off dances are sponsored by this club. The membership requirement is to earn a varsity letter in any major sport. Don Suter is president; Galen Gongwer, vice-president; Bob Bigelow, secretary; and Tom Brell, treasurer.

FIRST ROW, left to right: Lucille Shugar, Maudie Farthing, Leona Pauken, Mrs. Wilson, Sponsor; Peggy Hosier, Betty Jordan, Anne Marie Smith. SECOND ROW: Ella Marie Brahier, Mary Baldwin, Katherine Vortriede, Ruth Canning, Jane Hurley, Rachel Brell, Gloria Eversole, Lucy Lancashire

THIRD ROW: Irene Colburn, Norma Stewart, Jean McMullen, Mary Hoag, Eleanore Kinman, Doris Jones, Joyce Terrill, Mary Lou Pickard, Mary Ann Richardson. FOURTH ROW: Betty Harrington, Mary Hatton, Jane Gordon, Gynne Shinnars, Carolyn Linnard, Joyce Moss, Birdie Lawrence, Virginia White.

GIRL RESERVES

The Girl Reserves began the school year under the leadership of their new sponsor, Mrs. Wilson, with the traditional induction ceremony. At this ceremony the Junior girls were made active members and the Seniors had their memberships renewed. They began the new year with a party with the Hi-Y and a Valentine Party was given for a group of children at the Children's Home. The year concluded with numerous activities highlighted by the mother and daughter tea and installation ceremony for new officers.

FIRST ROW, left to right: Elinor Morris, Peggy Hosier, Betty Lawrence, Miss Schroeder, Sponsor; Carolyn Linnard, Anne Marie Smith, Rachel Brell. SECOND ROW: Virginia Shinnars, Shirley Chadwick, Marilyn Borchardt, Katherine Vortriede,

Under the guidance of Miss Schroeder, the Girls' Athletic Association spent a very busy and prosperous year. This year for the first time sports leaders were chosen for each sport. With these girls supervising, all the intramurals ran very smoothly. Highlights of the year: hand book . . . initiation roast . . . Xmas caroling and chili supper . . . splash party . . . ice skating . . . Progressive dinner . . . awarding of letters.

Hi-Y

FIRST ROW, left to right: Bob Bigelow, Galen Gongwer, Joe Bauerschmidt, Bob Gilmartin, Bob Schmidt, Tom Brell. SECOND ROW: George Gordon, Ed Corbo, Tom Corn, Fritz Haigh, Clayton Wise, Harry Niner, Jack Apple. THIRD ROW: Dick Ramlow, Don Houghton, Elmer Wheeler, William Landis, Eugene Colburn, Frank Micka, Mr. Baker Sponsor.

The Hi-Y, comprised of Junior and Senior boys, is affiliated with the YMCA. The purposes of the Hi-Y are to help maintain the school's high standards and to help mold finer character for the boys. The Hi-Y is governed by student officers. They are: Joseph Bauerschmidt, president; Galen Gongwer, vice-president; Robert Bigelow, treasurer; Robert Schmidt, secretary; and Robert Gilmartin, chaplain. Mr. Baker is the club's faculty advisor.

The Visual Education Club has charge of showing noon movies, feature movies and educational films to classes. All of the members are trained to operate the complete system and be able to make emergency repairs. Bob Schmidt is chief operator, Dick Carnicom is electrical engineer, and Jack Apple is the sound technician. Mr. Baker is the very able executive of this club.

The Maumee Panthers' football team ended its season this year with a glorious record, having only two defeats out of eight games. These two defeats were handed out to them by their everlasting arch-rival Perrysburg.

The team this year had an entirely new coaching staff. Head Coach was Robert Wren who is professionally a baseball player. But Mr. Wren showed that baseball was not his only capacity by leading the team through one of its most successful years. Assistant Coach Cox, industrial arts teacher, also proved his football ability.

It is sad to see that eleven members of the squad will be graduated and will not be here to see next year's team, for most of them will leave for the armed services this summer.

A SQUAD BASKETBALL

The Maumee Panthers basketball team had a rather good season this year winning ten games and losing six. Maumee was off to a good start in winning the first four, but was tripped by Rossford and then forced to swallow a string of four defeats in January. The remaining games on the schedule were all victories with the last a rousing triumph over the Yellowjackets of Perrysburg.

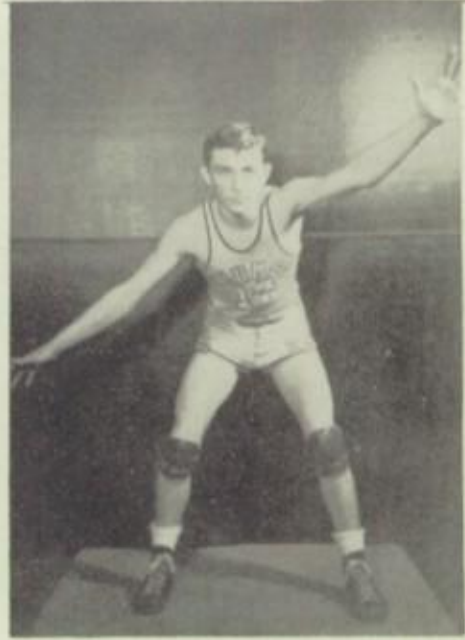

The Panthers registered 577 points this season with their opponents making only 504. Much credit should be given the boys for their splendid work and each team member should be individually congratulated on the part he played to give M.H.S a team that rightfully can be called a good team.

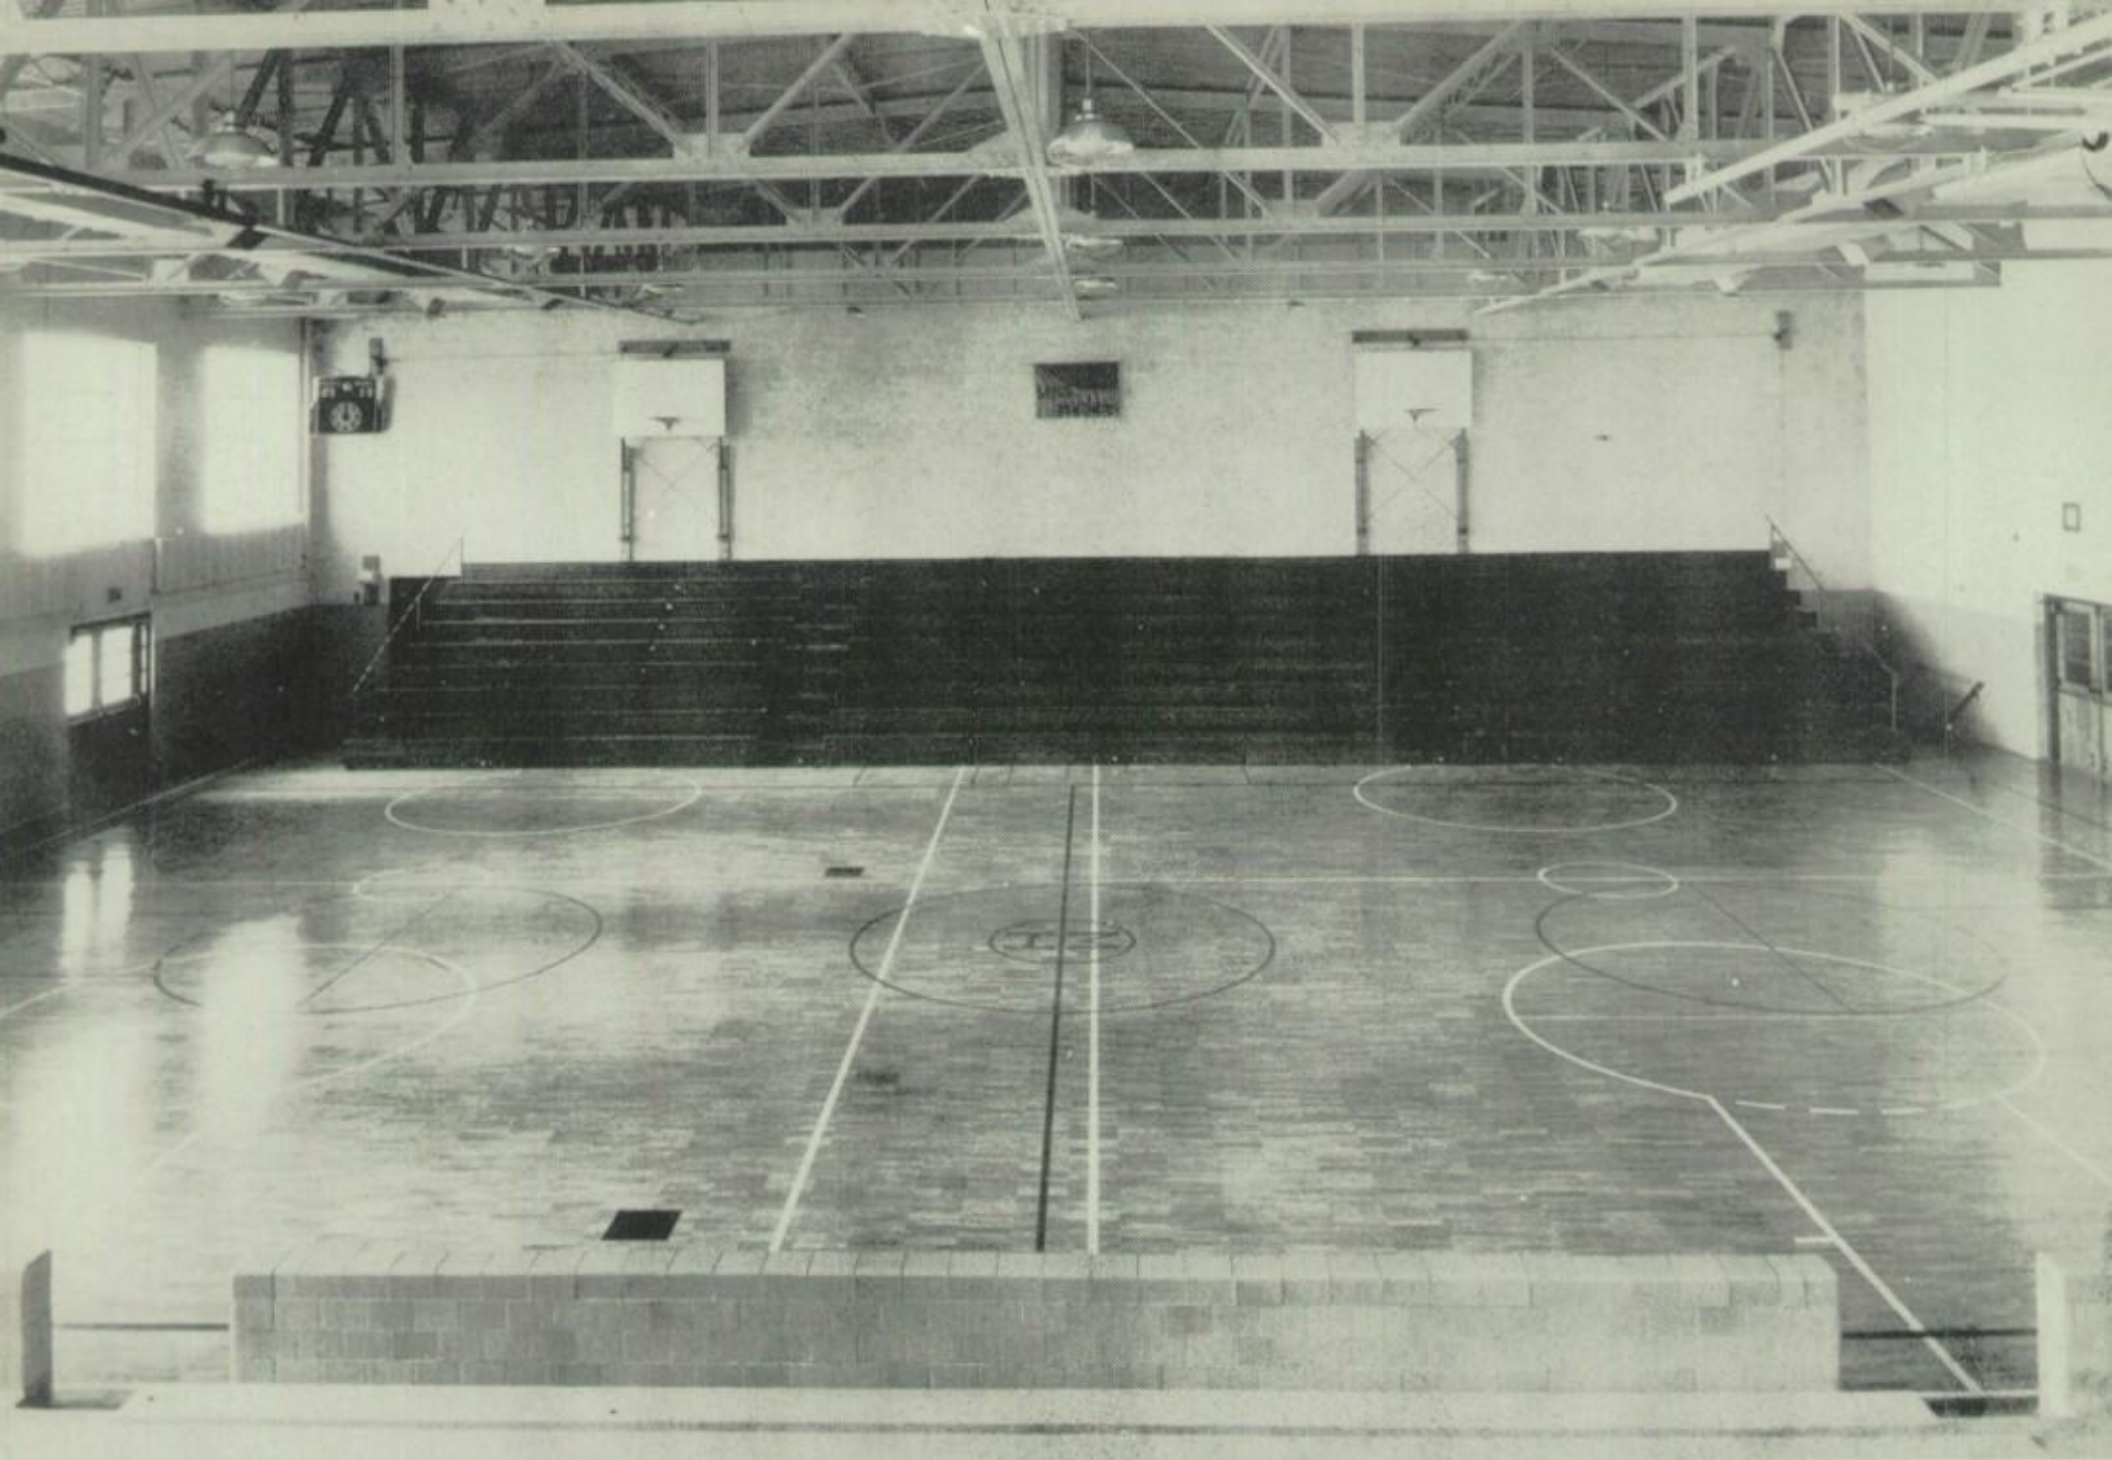

The whole school was deeply shocked and grieved by the death of one of our star players, Elmer Wheeler. He will be remembered not only for his ability in basketball, but as an all-around good fellow.

Last but not least we must applaud Coach Robert Wren and Assistant Coach Cox who have given their time and guidance and high spirits in order to make our team a success.

B SQUAD BASKETBALL

The Maumee B-squad had a better season than the scores admit. Not out for victory but rather experience, the team was composed mostly of freshmen and sophomores. Although the team was short their speed was a distinct asset. Their losses were by just a few points and their games usually were quite as exciting as the Varsity games. If they keep playing the calibre of ball they played this year Maumee need not be worried about the success of its future A squad.

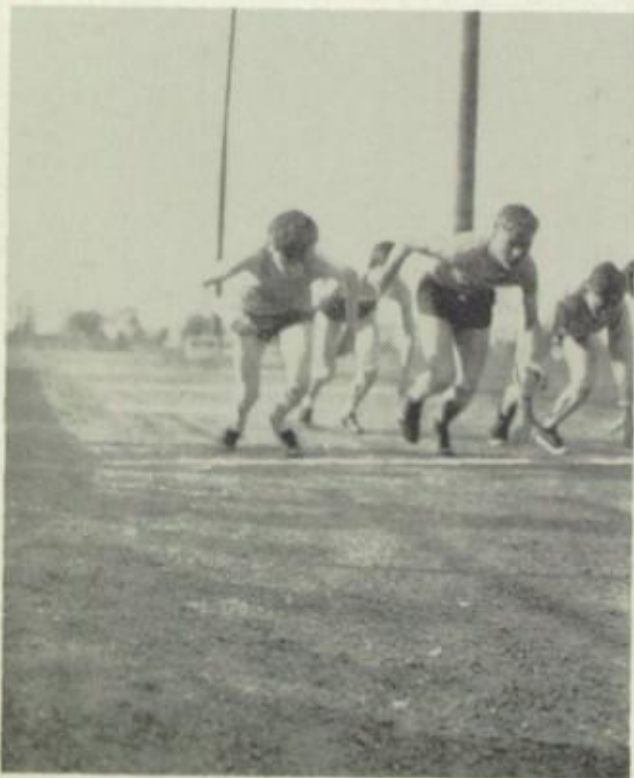

When the birds began to sing, the cinders began to fly around Maumee this year.

Track is the least appreciated of the three major sports but it can be easily understood and made quite interesting, especially when a school has such a fine team as Maumee had this year.

This is a sport of individual performance and Maumee was not short handed in any department. Most of our team has been together for the last four years and its record speaks for itself. It is the custom in Maumee High to have good track teams and this year was no exception.

TRACK

GIRLS' INTRAMURALS

Under a new plan, girls' sports have flourished this year. They have been put under the G.A.A. and the girls who participate in intramurals are working for awards provided by the G.A.A. A girl is required to come out a certain number of times for each sport in order to get a credit for that sport. Three credits earn a G.A.A. pin, eight earn a jacket; ten, a letter, and fifteen, the numerals of the girl's graduation year. The girls have all approved this plan and have shown much interest in the awards.

Field hockey was a very popular addition to the list of sports this year and those who participated in it enjoyed two games with Maumee Valley Country Day School as well as the privilege of having Mrs. Bamford, our local expert in hockey, here to help them. Basketball is always a favorite and this year was no exception. The season was topped off very successfully with a play-day given in our gym February 14 for Rossford, Perrysburg, and Country Day School girls. On February 18, a team from each of our classes journeyed to Ottawa Hills where the Maumee teams won every game. Individual sports and volleyball were also very popular.

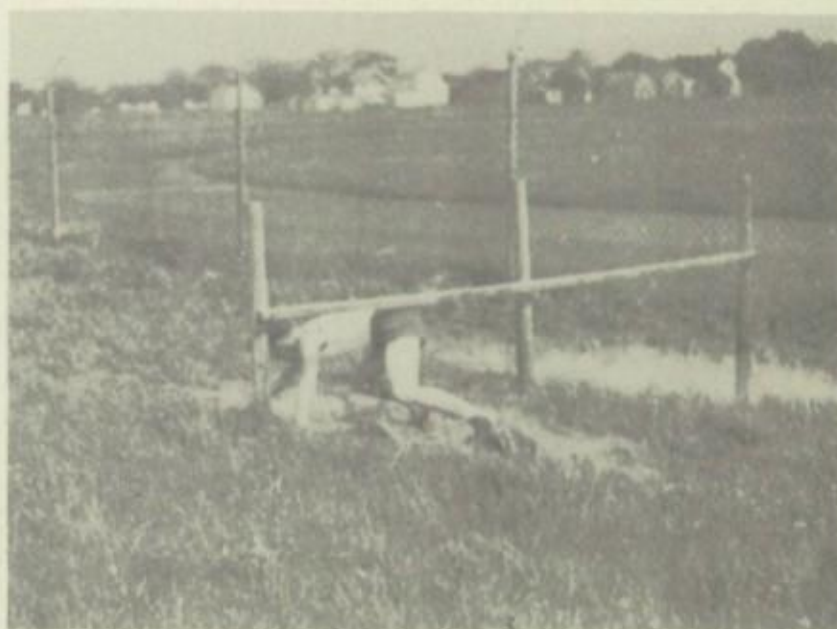

BOYS' INTRAMURALS

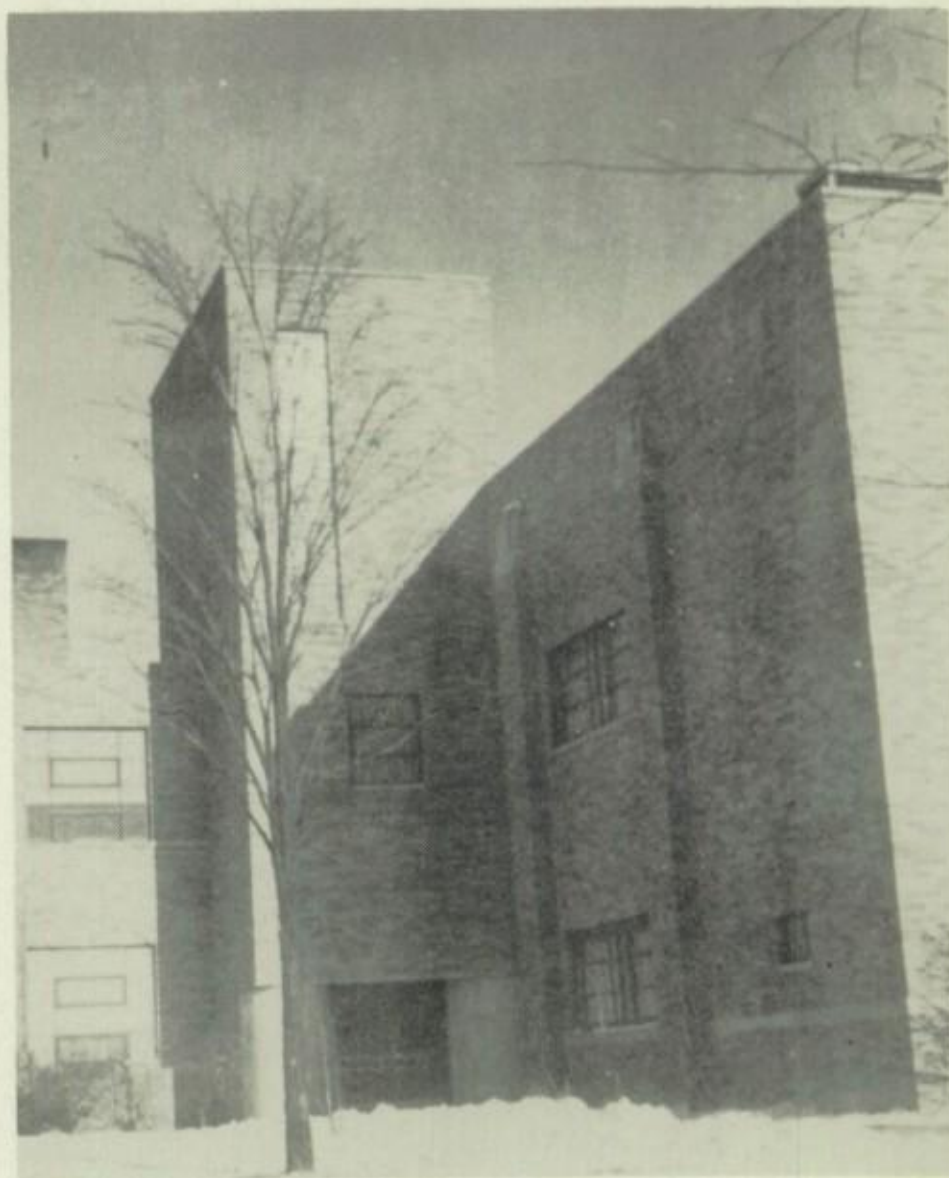

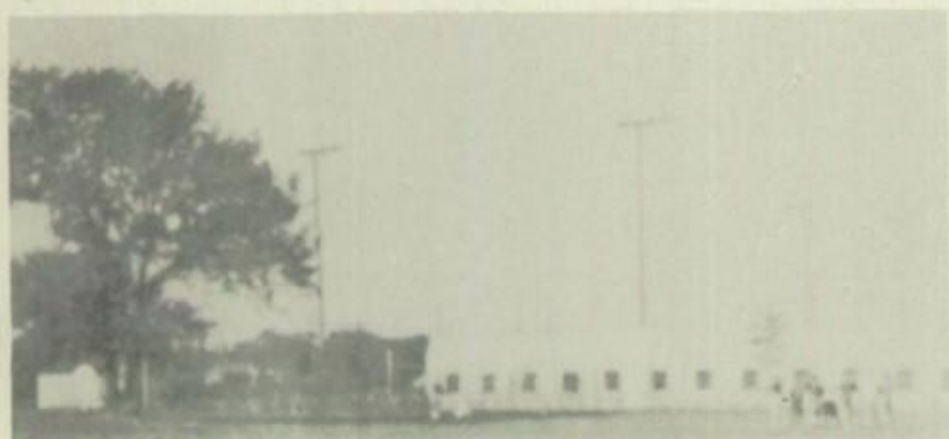

Each year towards the end of football season there seems to be an abundance of blistered feet, blackened eyes, and twisted limbs. This could mean only one thing, and that is that boys' intramurals have begun.

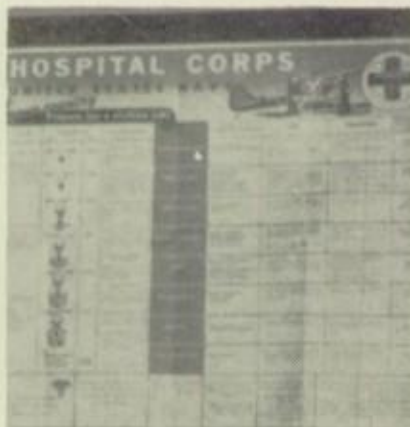

This year six senior boys chose teams to compete among themselves. The Daffodils, Daisies, Flashes, Bachelor Buttons, Lilies, and Sweet Petunias are the colorful names that were given to the squads.

When each team played a tournament game there was plenty of hard play and one might even say that the games were a little rough at times. Although the boys know they are not stars, quite a few showed up remarkably well, which was an accomplishment against such players who prided themselves on not letting their opponent take a shot.

These intramural games provide exercise and team work which trains the boys to work and play together. They not only have fun but gain valuable lessons in sportsmanship which is necessary in every game.
